The Altro Assurance of Customer Satisfaction

Altro has supplied high quality wall products across many specialist markets for over 35 Years. Our expertise, technical awareness and ever increasing range of high quality products gives us the confidence to offer you The Altro Assurance of Customer Satisfaction.

We recognise that, in today's world, few projects are straightforward and, with this in mind, The Altro Assurance extends beyond simply supplying an excellent product. Our attention to detail, from the moment we receive your first enquiry to the unequalled after-sales support we provide, is all an integral part of The Altro Assurance.

Here are some of the ways in which The Altro Assurance will work for you...

Proven warranted products

Altro products are tested to ensure they meet such recognised, independent standards as BSI. Altro is an ISO 9001: 2008 / ISO 14001:2004 / BRE A rated accredited company. Most Altro products are covered by warranties.

Specialist installation

Throughout the United Kingdom, there are specialist contractors with detailed knowledge and experience of Altro products. These contractors are capable of installing Altro products to the highest standards. Contact Altro Lowestoft for details.

Training and technical manuals

To help ensure that our own exacting standards of installation are maintained by installers, we conduct in-house and on-site training. This practical instruction and guidance is supported by detailed installation instruction manuals which are freely available to installers and to specifiers.

Technical Services Department

Our Technical Services Department enables us to provide a unique service to specialist installers and specifiers. Members of the Department have thorough knowledge of substrate technology, the many and diverse problems that can occur, the solutions to these problems and the installation techniques to be applied to Altro products.

Expertise of highly trained consultants

As you would expect, all Altro consultants are competent with the full range of Altro products. In addition, they are instructed in substrate preparation, correct installation techniques and detailing. They are, as a consequence, well qualified to advise on the specification and installation of your Altro products.

The Altro inspection service

As part of our service to architects, to industry and to all customers, we offer The Altro Inspection Service. It is offered without charge or obligation. We are pleased to give detailed information on substrate preparation and the most suitable surface to meet your needs.

Site visits arranged

Experience has shown us that many customers and specifiers are reassured by visiting an existing site to inspect the Altro wall covering they are considering. Whenever possible, we arrange for a visit to a site which has been in use for some time, and if possible, in a similar working environment. We are fortunate in having a large customer base from which to draw and in having our customers' willing co-operation.

Maintenance and after sales service

Once your new Altro wall covering system has been installed, your Altro Consultant is available to give advice on cleaning and maintenance to help ensure that it continues to give you complete satisfaction.

Commitment and customer satisfaction

Altro is committed to providing products and services to the highest possible standards. Please help us in this endeavour by telling us if we should ever fail to give complete satisfaction.

Altro Fortis Titanium is constructed from highly durable, semi-rigid uPVC, which is dense, impervious material, resistant to bumps. It features a lightly textured surface, which camouflages scuffs, keeping the area looking better for longer.

6. DELIVERY AND COLLECTION

- 6.1 All times and dates given for delivery of goods are given in good faith but are estimates only and time for delivery shall not be of the essence under the Contract.
- 6.2 If Altro is unable to meet any delivery date, unless the delay is substantial and is the result of the wilful default or negligence of Altro, the delay shall not constitute a breach of the Contract and the Customer shall not be entitled to treat the Contract as thereby repudiated nor to rescind it or any other Contract with Altro in whole or in part nor to claim for any resulting direct or consequential loss or damage.
- 6.3 Where delivery is to site the Customer will be responsible for off-loading the goods and for storing them locked-up under cover and protected from the elements.
- 6.4 The Customer shall notify Altro in writing of any claim for loss or damage to goods in transit within 14 days of the date of despatch (in the case of non-delivery) and within 3 days of delivery (in the case of damage).
- 6.5 If goods are collected by the Customer, Altro's liability ceases when the goods are loaded onto the Customer's transport and no subsequent claims for breakages or shortages will be recognised.

- 7.2.** Altro reserves the right to make any necessary changes to the goods from time to time.

8. RISK AND TITLE

- 8.1** The risk in the goods shall pass from Altro to the Customer upon delivery of such goods to the Customer. However, notwithstanding delivery and the passing of risk in the goods, title and property in the goods, including full legal and beneficial ownership, shall not pass to the Customer until Altro has received in cash or cleared funds payment in full for all goods delivered to the Customer under this and all other Contracts between Altro and the Customer for which payment of the full price of the goods thereunder has not been paid. Payment of the full price of the goods shall include the amount of any interest or other sum payable under the terms of this and all other Contracts between Altro and the Customer under which the goods are delivered.
- 8.2** Where payment is to be made by instalments the property in respect of all goods supplied under this and all other Contracts shall not pass to the Customer until all instalment payments have been made.
- 8.3** Where, in accordance with clause 5.7 above, Altro has drawn down and applied all or any of the security deposit monies in satisfaction of Customer invoices, title and property in the goods, including all legal and beneficial ownership, shall pass to the Customer when all outstanding invoices (including any applicable interest) of that Customer have been paid in full, from the security deposit monies or otherwise.
- 8.4** Until payment in full has been made the Customer shall have possession of the goods as a bailee only, shall keep them separate from other assets and clearly marked as Altro's property, shall maintain them in satisfactory condition and shall not alter or add to them in any way.
- 8.5** The Customer shall be entitled to resell or use the goods in the normal course of the Customer's business provided that the Customer shall remain fully accountable to Altro for the goods and shall hold the proceeds of the sale on trust for Altro to the extent of the Customer's outstanding liability to Altro under this and all other Contracts and shall promptly remit all such proceeds to Altro until payment in full of all sums due under the Contract is made.
- 8.6** Property in any goods supplied shall not pass to the Customer or to any other person merely by virtue of their becoming affixed to the real or personal property of the Customer or such other person.
- 8.7** Altro shall be entitled to recover payment for the goods notwithstanding that ownership of any of the goods has not passed from Altro.
- 8.8** The Customer shall keep the goods fully insured against all usual risks at the Customer's expense and ensure that Altro's interest is noted on the policy and shall, upon request, produce to Altro a valid policy of insurance in accordance with this clause.
- 8.9** The Customer's right to possession of the goods shall be terminated immediately if:
- (a) the Customer has a bankruptcy order made against him or makes an arrangement or composition with his creditors, or otherwise takes the benefit of any statutory provision for the time being in force for the relief of insolvent debtors, or (being a body corporate) convenes a meeting of creditors (whether formal or informal), or enters into liquidation (whether voluntary or compulsory) except a solvent voluntary liquidation for the purpose only of reconstruction or amalgamation, or has a receiver and / or manager, administrator or administrative receiver appointed of its undertaking or any part thereof, or documents are filed with the court for the appointment of an administrator of the Customer or notice of intention to appoint an administrator is given by the Customer or its directors or by a qualifying floating charge holder (as defined in paragraph 14 of Schedule B1 of the Insolvency Act 1986), or a resolution is passed or a petition presented to any court for the winding-up of the Customer or for the granting of an administration order in respect of the Customer, or any proceedings are commenced relating to the insolvency or possible insolvency of the Customer; or
 - (b) the Customer suffers or allows any execution, whether legal or equitable, to be levied on its property or obtained against it, or fails to observe or perform any of its obligations under the Contract or any other Contract between Altro and the Customer, or is unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or the Customer ceases to trade; or
 - (c) the Customer encumbers or in any way charges any of the goods.
- 8.10** The Customer grants Altro, its agents and employees an irrevocable licence at any time to enter any premises where the goods are or may be stored in order to inspect them, or, where Customer's right to possession has terminated, to recover them.

- 9.2.5.2 to be indemnified by the Customer against all legal and other costs incurred or paid by Altro in the process of seeking to regain possession of goods which were in the power, custody or possession of the Customer and to which title was vested in Altro, whether by virtue of general law or under the Contract in question or any other Contract with the Customer.
